

PUBLIC HEALTH & SAFETY

In-Service Law Enforcement Training

In-Service Law Enforcement Training is provided at the request of local law enforcement agencies. Courses are especially designed as in-service and pre-service education for those engaged in law enforcement activities. Workshops and courses are offered in many areas such as the following:

- PRISim Simulator Training
- Spanish for Law Enforcement
- Defensive Tactics
- Drugs and Narcotics
- Investigations
- Firearms
- Mandated In-Service
- Officer Survival
- Radar Training
- SWAT
- Public Speaking
- Verbal Judo
- Detecting Deception

Fire Service Training

Fire Service Training is designed to provide firefighters the opportunity to gain technical information and skill in modern firefighting through a variety of learning experiences and practical problems. The College has a modern Fire/Rescue Training Ground on campus used extensively for local fire/rescue classes. Classes are often taken directly to the firefighters through training sessions held in local departments and training fields in the community. Among the courses are the following:

- Arson Detection
- Emergency Vehicle Operation
- Fire Apparatus Practices
- Firefighting Procedures
- Fire Officer Training
- Fire Stream Practices
- First Responder
- Flammable Liquids
- Forcible Entry
- Hazardous Materials
- Hose Practice
- Introduction to Firefighting
- L.P. Gas
- Ladder Practices
- Portable Fire Extinguishers
- Protective Breathing Equipment
- Rescue Practices
- Rope Practices
- Salvage and Overhaul Practices

Emergency Medical Services (EMS) Training and Education

The EMS Education program offers courses designed to improve emergency health care to the public. Certification courses offered include:

Emergency Medical Responder (EMR) Emergency Medical Technician (EMT)

- Advanced EMT (AEMT)
- Paramedic
- Continuing Education courses consistent with N.C. Office of EMS requirements for providers

The EMS Education program also serves as an American Heart Association Community Training Center and National Association of EMTs Training Site. The program offers courses to all health care professionals current with the latest technology including:

- Advanced Cardiac Life Support (ACLS)
- Pediatric Advanced Life Support (PALS)
- Basic Cardiac Life Support (BCLS)
- Pre-Hospital Trauma Life Support (PHTLS)
- Advanced Medical Life Support Provider (AMLS)
