SURGICAL TECHNOLOGY

Upon successful completion of this 1-year Surgical Technology program, students will be eligible to take the Tech in Surgery (TS-C) exam through the National Center for Competency Testing (NCCT). This 1185-hour program includes classroom, laboratory practice, and clinical experience to train students to become entry-level surgical technologists, emphasizing essential knowledge, hands-on skills, and professional behavior required of the profession. At the completion of the program, students will be provided a certificate and assisted with registering for the national exam. Contact (919) 464-2368 for more information.
